

## PRESS RELEASE FOR NEW ACHA CERTIFICATE HOLDER

FOR IMMEDIATE RELEASE

### **(Your name), Receives ACHA Board Certificate.**

LENEXA, Kansas - The American College of Healthcare Architects (ACHA) has announced that (your name, title) has earned (his/her) Board Certificate in healthcare architecture. (Last name) recently passed an accredited examination, which assesses the knowledge and understanding of architects who practice as healthcare specialists. (He/she) joins the ranks of over 400 ACHA colleagues in the US and Canada who have received this important architectural credential.

ACHA requires its certificate holders to work towards the improvement of healthcare architecture on behalf of the public, to practice in an ethical manner and to maintain the highest standards in the specialized field of healthcare architecture.

## PRESS RELEASE FOR NEW FELLOW

FOR IMMEDIATE RELEASE

### **(Your name), Attains ACHA Fellowship Status.**

LENEXA, Kansas - The American College of Healthcare Architects (ACHA) has announced that (your name, title) has attained Fellowship status. Fellowship is the highest honor bestowed on a certificate holder by the ACHA. Fellowship is granted to ACHA Board certified architects specializing in healthcare who have shown distinction in fulfilling an area of expertise as determined by the College's Council of Fellows. The Council of Fellows was founded to advance the profession of healthcare architecture.

(Name) joins the ranks of distinguished fellows, and is one of the over 400 colleagues in the United States and Canada who are certified healthcare architects. ACHA requires its certificate holders to work towards the improvement of healthcare architecture on behalf of the public, to practice in an ethical manner to maintain the highest standards in the specialized field of healthcare architecture.
